And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also. 2 Timothy 2:2

June-July 2020

Dear praying friends and supporting churches,

We thank the Lord that although some work for Frontier Baptist Missions had to be done through our home offices, much got accomplished. Four new missionaries were approved, two in Argentina, one in Venezuela and another in Colombia. What is interesting about the missionary to Colombia is that he was one of my students when I taught at Puerto Rico Baptist College/*Colegio Universitario Bautista* for 10 years. He did not know that I was now working with Frontier Baptist Missions when he applied. It is wonderful to see former students serving the Lord years after they were trained, which makes the principle found in John 15:16 come alive "...ye should go and bring forth fruit, and that your fruit should remain."

Because of the coronavirus lockdowns, we had to teach our last few classes at *Seminario Bautista Trinidad* without any students present and make the lectures available online only. We are going ahead with plans for a one-week seminar in August, followed by a normal Fall semester (Lord willing) beginning Sep. 1.

Over a month ago some restrictions were lifted in our area and we were able to have church services again with some limitations in place. We have been helping a small independent Baptist church in our area that has some needs. We had been going on visitation regularly until the virus pandemic surfaced. The pastor has struggled with some health issues, so I recently preached ten services in a row. Please pray that Pastor Dale Yontz will recover soon.

I am looking forward to making another trip to Cuba when possible. There are plans to reopen Cuba for international travel, but with restrictions in place initially "to limit foreigner's contact with locals." That restriction may pose a problem, so I might have to travel later in the year. The trip to Peru to help start a Bible college is still on hold.

Thank you for your prayers for my health. After some medical tests, my new cancer doctor in Texas has determined that the cancer is in remission. Praise the Lord! I am on a schedule to have some form of testing done every three months to help enable early detection if it returns.

For souls,
Calvin & Jennifer George
